

Fun 4 Young People Bursary Criteria

At F4YP we would like everyone to be able to access our support service.

75% of places offered across our service are funded, with 25% being subsidised.

The list below covers situations which qualify a young person for a bursary place. The list is not exhaustive, and we assess our bursary places on an individual basis. For funding purposes, we will require evidence to show the young person meets the bursary criteria. This will be requested after booking a place on a course and must be updated yearly depending on the type of evidence provided.

If your young person does not qualify but you feel your situation warrants a bursary place, please discuss this with a member of the team.
